WORKSHOPS & SEMINARS

- Forensic Odontology, Fingerprint Development & Psychology Workshops
- Lab Mechanics — NDTL & Helix Biogenesis

Ishwa Arya

FORENSIC SCIENTIST

PROFESSIONAL SUMMARY

Dedicated Forensic Science student specializing in digital & network forensics, crime-scene investigation, and forensic dermatoglyphics. Eager to leverage strong technical, analytical, and practical skills within a professional investigative or forensic research team.

EDUCATION

B.Sc. (Hons.) in Forensic Sciences

2024 – Present

Geeta University, Panipat

Current CGPA: **8.24**

High School Diploma

2009 – 2023

Lancer's Convent SSS, New Delhi

PROFESSIONAL EXPERIENCE

Digital Forensics Intern

Jun 2026 – Jul 2026

Cyber Defence Intelligence (CDI), Mohali

- Digital & Network Forensics:** Executed packet inspection and digital evidence recovery using **Wireshark**, **FTK**, **Autopsy**, and **Registry Explorer**.
- Penetration Testing:** Simulated threat vectors via **Kali Linux** including **DoS attacks**, **MITM (ARP poisoning)**, **Wi-Fi security**, and phishing assessments.
- Threat Assessment:** Analyzed system registry artifacts and network logs to evaluate security risks and remediation workflows.

Summer Intern

Jun 2025 – Jul 2025

Reveal Affirm Testify, Noida

- Case Report Analysis:** Evaluated real forensic case files, insurance fraud claims, and fire/OD evidence assessment procedures.
- Lab Workflow Observation:** Studied advanced forensic lab operations and DNA workflows at NDTL & Helix Biogenesis.
- Crime Scene SOPs:** Applied standard operating procedures for physical evidence documentation and photography.

PRACTICAL & LABORATORY SKILLS

- Latent Prints & Impressions:** Chemical development of fingerprints; analyzed lip, foot, bite, and tool marks.
- Biological Evidence:** Examination of biological fluids (blood, semen, saliva), hair identification, and bone analysis.
- Document Examination:** Handwriting analysis, secret writing detection, and forgery identification.

ACADEMIC PROJECTS & DEMONSTRATIONS

Crime Scene Demonstration (Haryana State Govt): Conducted live forensic setup at Panipat Marathon event.

Forensic Techniques Presentation: Presented to Somali Ambassador & African Education Ministry delegates.
